BETTERIDGE

Success on a wedding day starts with having fun and allowing enough time to enjoy family and friends. Dan and Jessica were a pleasure to work with and they expected great photography throughout the day. Highlights included a spectacular outdoor ceremony, a relaxed schedule and an evening dance. More of Dan and Jessica's portraits can be viewed on our website: www.stuartkasdorf.com

ZDUNICH

We really went overboard with Tammy and Scott, giving them many images and locations to provide them with a great portrait experience prior to the wedding. Their confidence was raised and they had a better idea of what to expect on their big day.

△
MUYERS

We were just finishing up with Keith and Paige, when Keith suggested we continue to another location. Keith would hear nothing of quitting and abruptly stated "I'm having a great time and after all it's our day and the guests can wait!"

◁
ROSTEK

Ryan and Cheryl Rostek were married near Meadow Lake, Saskatchewan this summer. Fond memories include perfect weather at the lake, a couple caring for one another and perfect evening light that gave Ryan, Cheryl and I one more opportunity to capture a late-day portrait on the dock.

We were hesitant in choosing a photographer because we wanted our wedding pictures to be perfect. After meeting Stuart we knew that he could give us exactly what we were looking for - fun not boring! We relaxed and enjoyed the day. He made controlling a large wedding party, finding missing family members, and working in the rain seem easy. We want to give our most sincere thanks for making our day much smoother and for having a lot of fun with us. - **Dan & Shannon Whitman**

Stuart's approach is to let humour and human interaction enhance his art. The result is a wonderfully calm, productive photosession with natural images. It was a pleasure to sit back and watch the mastery of Stuart's talent shine through. - **Mike & Sherri Hrycay**

We constantly push the boundaries of creativity and innovation to provide our customers with the best photographic experiences of their lifetime. We strive to capture each moment of your legacy with complete artistry, integrity and respect. Our aim is to be the recognized leader in photographic creativity, business management and service in Saskatchewan.
